

Steel Coil Processing Solutions

Product Brochure

Overview

Coil-form steel products for downstream cutting, slitting, and roll-forming operations.

Products in This Range

- **Hot Rolled Coil (HRC)** — General-purpose hot rolled steel coil for structural fabrication, pipe manufacturing, and general engineering work.
- **Cold Rolled Coil (CRC)** — Precision cold rolled steel coil with a smoother surface finish and tighter dimensional tolerance than HRC.
- **Galvanized Steel (GP)** — Zinc-coated steel coil and sheet, hot-dip galvanized for corrosion resistance in outdoor and humid environments.
- **GL (Galvalume) Coils** — Aluminum-zinc alloy coated steel coil, offering higher corrosion resistance and heat reflectivity than standard galvanized steel.
