

Galvanized & Corrosion-Protected Roofing Steel

Product Brochure

Overview

Zinc and aluminum-zinc coated steel for long-life roofing and cladding in a range of environments.

Products in This Range

- **Galvanized Steel (GP)** — Zinc-coated steel coil and sheet, hot-dip galvanized for corrosion resistance in outdoor and humid environments.
- **GL (Galvalume) Coils** — Aluminum-zinc alloy coated steel coil, offering higher corrosion resistance and heat reflectivity than standard galvanized steel.
- **HRC Chequered Plate** — Hot rolled steel plate with a raised chequered (diamond/lentil) pattern, providing slip resistance for flooring and walkway applications.
